Numbering Chart
UPDV Matthew**

This chart maps the old numbering system in Matthew to the closest verses in the new Matthew numbering system. If verses were not included, codes are indicated to show the general reasons.

Left=Old Verse #
Right=New

Status Code:
o=omitted
r=reconstructed

Reason Codes:
u=unattested
s=style
c=context uncertain
t=transitional
n=numbering

For example:
o-us means the verse is omitted because it is unattested. The style of the verse is also suspect.

Other Abbreviations:

[] = Verses included within brackets indicate verses from the new numbering formed using the old numbering system as the basis. They do not always have a one to one correspondence. In some cases these verses were reconstructed from Luke or Mark.

* = See footnote at verse.
